## Work Experience

### No Work Experience

As someone with no prior experience in the development industry, I am eager to embark on an internship journey to deepen my understanding and expertise in this field. I recognize the value of learning alongside seasoned professionals and believe that any opportunity to do so would be invaluable. My primary motivation is to absorb as much knowledge as possible about the industry, regardless of the compensation or other perks involved. I am driven by a genuine passion for learning and growing within this dynamic and innovative sector.

## About Me

I'm an incoming third year Computer Science student at University of the Philippines - Cebu, eager to explore the world of web development. Excited to apply what I've learned in class to real projects, I'm keen to contribute to innovative solutions and learn from experienced professionals. I'm driven by a strong desire to grow and make a meaningful impact in the dynamic field of web development.
